

November 2018 Campaign

This past Thanksgiving the Destiny Care Foundation, in partnership with the Hemet Corps - Salvation Army, was able to provide a full-course holiday meal to the elderly in our community.

These meals helped those in need, who were having financial or caregiving challenges/conditions that

prevented them from having a decent Thanksgiving.

Your donations brought many blessings to our seniors.

Thank you for coming together and helping us feed our senior community through your donations.

At Thanksgiving no one should go hungry.

December 2018 Campaign

This special time of the year, the Destiny Care Foundation gave back by hosting a Holiday Giving Tree Drive! Everyone was welcome to participate. They simply filled out a tag of items they would like to donate that they felt will most benefit our

Seniors. Donated items were not to exceed a total of \$20 in value. A lot of donors already had these items at home. The items did not have to be bought or be brand new. They just needed to be in good condition, sanitary, and clean. Ex: blankets, toiletry

items, games & puzzles, etc.

Together we made a lot of Seniors happy on Christmas.

Happy New Year

As we leave behind the past and move forward into the new year, we at the Destiny Care Foundation would like to thank of it's contributors. 2018 was an incredible year for

our Foundation. Together we have provided medical help that has saved hundreds of lives, provided health care aids to our elderly citizens, fed several families during the

holiday season, and most significantly of all, we have shown to our community that there is hope.
