**There Is Hope.  
Together We Make A Difference**

The **Destiny Care Foundation** is a 501(c)(3) non-profit organization that accepts financial donations to enhance our patient's and their families' personal needs, and enhance their quality of life for the services not covered under the Medicare Hospice, Palliative, or Home Health Benefits. We aid with the following:

- Temporary assistance with rent and utilities
- Provide meals and cooking aides
- Help with cost of medications or necessary medical equipment **not** covered by the Medicare Benefits that is deemed necessary by our Medical Director
- Other essential needs that will help our clients feel better about their personal care; make up, nail care kits, wig, cologne, clothes, towels and wash clothes, sheets and blankets

Together, we have provided medical help that has saved hundreds of lives, provided health care aids to our elderly citizens, fed several families during the holiday season, and most significantly of all, we have shown to our community that there is hope.

## December 2018 Contributor Shout Outs!

*Generosity*  
changes everything
